- Reverse Polarity
- Surge Suppressors
- Testline Cables
- Cable terminators

DataVoice

Telegärtner's range of products includes network solutions for structured building cabling and modular programmes and includes both copper and fibre optic solutions.

- RJ45 & FO connectors
- Copper & FO Patch panels
- Copper and FO Patch cords
- Copper & FO Outlets
- FO Pigtails
- Cat 5E, 6, 6A, Cat 7 & 7A
- TOC (Telecommunications Outdoor Connectors)
- Data and telecommunications for mobile radio, traffic and security applications
- Modular Systems AMJ-S/AMJ/UMJ
- Connection Modules Cat 7A
- MPO/MTP connectors
- STX M12x1 IP67 D & X Coded Connectors
- FO Wall Boxes and Splice Boxes

Multipole Connectors

A comprehensive range of multipole circular connectors for all markets such as medical, industrial, telematics and military.

- Subminiature
- Miniature circular
- Power connectors
- Sensor Connectors
- Waterproof
- Plastic or metal bodies

D-Subminiature Connectors

Telegartner UK Ltd offers the most complete range of D-sub connectors, hoods and accessories available today. Our suppliers commit to quality, reliability and performance at the best price and they complete the commitment by ensuring availability and delivery.

- D-Sub connectors
- High density D-Sub connectors
- Mixed layout D-Sub connectors
- Filtered D-Sub connectors
- Metal hoods
- Plastic hoods
- Non-magnetic hoods
- Waterproof hoods
- Coax and high power inserts
- Accessories – thumbscrews, screw locks, slide locks, clinch nuts, etc.

Cable Glands & Enclosures

- Cable Glands for industrial applications in brass, stainless steel and a variety of plastics
- Heavy-duty cable glands for use in Hazardous Areas, such as oil platforms, gas production plants and offshore applications – meets IECEx and ATEX Standards
- Industrial Enclosures made of polycarbonate, ABS, aluminium, polyester, steel and stainless steel
- Circular plug-in connectors for applications in industry, transport, power generation, shipbuilding, medicine etc.

Coaxial Cable

Telegartner UK Ltd's coaxial cable suppliers design and manufacture high performance coaxial cable and consistently exhibit high levels of service and technical competence in markets which include Broadcast and Telecoms.

- RF & RG/U coaxial cable
- Low loss coaxial cable
- Semi-rigid coaxial cable
- Conformable cable
- Multi-coaxial cable
- Corrugated coaxial cable
- Low loss corrugated coaxial cable
- Custom designs

Multiwire Cable

Our cable suppliers can offer low voltage, single core equipment wire to halogen free, UL rated multiple pair cable. Manufactured to the highest quality to international standards and tested to the tightest of specifications.

- Multicore or twisted pair
- Screened or unshielded
- Halogen free or UL
- High temperature
- Mains harmonised
- Equipment wire
- 2mbit indoor and outdoor
- Custom designs

Speech and Communication

- Handsets
- Microphones
- Loudspeakers
- Push-to-talk buttons
- Controllers
- Headsets

Other Product Lines

- Cigarette lighter plugs and sockets for mobile applications including cars, trucks, mobile homes, motorbikes & boats.

Telegartner UK Ltd – Experienced Distributor

Telegartner UK Ltd is a key supplier and distributor in the resale market with many years of experience supplying products to the professional electronics industry and resale customers. Our extensive experience in supplier relationships and industry knowledge is used to offer vendor reduction services and utilise various ways of controlling the stocking and shipping of the components including kanban or buffer stock arrangements, consolidated or split shipments, forecast or call off orders.
